

Alice: Journal of the Wonderland Association

Specialized in your field,
shows a fair Impact Factor for
its category, and offers an
option for Open Access if you
can pay 4000 \$ of APC.

Through the Looking Glass

Open Access journal
referenced in the Directory of
Open Access Journals (DOAJ)
and in the Journal Citation
Report. 3000 \$ APC is charged
for every publications.

International Journal of Fairy Tales

Argues to have a very fast peer review. All accepted manuscripts are published in Open Access on the journal website provided that an APC of 1000 \$ is paid.

Spirit

With an Impact Factor of 45, the highest ever seen in the Journal Citation Report, Spirit promises you considerable fame among your peers. You checked that you could be funded by your university for Open Access publication through an agreement with the publisher.

Fairy Tales Research

Traditional and reputable
journal in your field, without
any Open Access option.

Fantasy

Young Open Access journal that experiments new ways of publishing and asks you to publish as a preprint before submission. It doesn't yet has any impact factor but has a good reputation among your colleagues. No APC.

*Wonderland's Rabbit
genome analysis reveals
unique signatures of
evolution*

This article summarizes 3 years of your research financed by the Lewis Carroll's Foundation. It's co-authored with 3 members of your research team, but you are the 1st protagonist.

*Rabbits in Wonderland:
comprehensive literature
review of the 21st Century*

As said in the title, this article is a literature review and you are the only author.

*The rabbit genome sequence
and its comparison with those
of cat and mouse from
Wonderland*

This article is the fruit of a collaboration with 2 other research groups and you are in charge to find the best venue to publish it.
